- 8. **Use of funds:** The awarded funds shall be spent in an economic, efficient and effective manner and used only for the earmarked purpose in consideration of the intended artistic objective. The legal basis for processing the Beneficiary's personal data is point (b) of Article 6(1) GDPR, specifically the initiation and performance of a Funding Agreement, which includes the examination of the accounts. Specifically, such personal data are processed which the Beneficiary provided in the course of application as well as such data which still needs to be provided during contractual performance. The personal data will be processed up until such time as it is possible to bring legal claims arising under the Funding Agreement.

The Beneficiary's personal data may, as necessary, be transmitted to the Austrian Court of Audit, the European Commission, the Council, the Transparency Database and the Federal Ministry of Finance. Moreover, these data may be disclosed to the legal representation of the FM of Arts, to courts and administrative authorities to enforce or defend legal claims in connection with this Funding Agreement or its initiation. Furthermore, these data may be shared with other funding authorities, especially those which are mentioned in the Funding Request.

Pursuant to the GDPR, Beneficiaries in general have a right of access, rectification, erasure, restriction of processing, data portability, withdrawal of consent and objection. Any withdrawal of consent will lead to a right of reclaim for funding already granted, with the claim to a grant then lapsing. Should the Beneficiary believe that the processing of their personal data is in breach of

Kunst, Kultur, öffentlicher Dienst und Sport

data protection law or that their data protection rights have been violated in any other manner, they may lodge a complaint with the supervisory authority. In Austria, that competent authority is the Data Protection Authority.
